

From the October 8 memo:

Individual districts and public school academies must substantially complete the Smarter Balanced Assessment (SBAC) technology readiness survey by November 29, 2012 to be eligible to participate.

Definition of **substantially complete**:

For all buildings where SBAC testing is anticipated, districts complete the following:

- Complete all data fields of the Device Inventory with the following allowed omissions: Assessment Environment and Device Owner.
- Complete all data fields of the School Survey Questions in the Network Information section.
