June 2016
EduPaths Cost Savings

Value Added:

• Cost and time-effective professional learning

• Providing awareness and direct connections to statewide blended, in-person, and online professional development

• Free SCECHs for Michigan educators
Next Steps for 2016-17:

• Continue to facilitate partnerships with statewide organizations and provide resources to support statewide initiatives.
• Continue to create and connect professional learning modules aligned with the nine (9) EduPaths learning pathways.
• Move towards sustainability.
• Implement upgrades to EduPaths site.
• Apply and Model: Design and create modules which will illustrate applying and modeling practices.

State Education Network

Value Added for Districts

- The SEN establishes the network platform for secure, efficient delivery of online testing content.
- SEN design establishes efficient routes between each ISD and one of the five Data Hubs that provide Data Integration services for districts (through TRIG’s Data Integration Activity).
- As an Intranet, the SEN will provide efficient and secure paths between districts that will support resource sharing without having to rely on the commodity Internet (reducing ISP bandwidth costs).
- The SEN provides the platform for cost savings through collaborative/bulk purchasing of services such as Internet access.
Next Steps for 2016-17:

- Finalize MISEN’s E-Rate strategy including selection of vendor(s) based on E-Rate procedures including:
  - File E-Rate form 471
  - Manage routes and site installation in a manner that accommodates budget and potential E-Rate funding
  - Begin preparation of 2017 E-Rate filing for Internet Access services
- Finalize MISEN’s application for IP addresses with American Registry for Internet Numbers (ARIN).
- Begin Testing and Acceptance procedures with Merit
- Begin route connections between ISD local networks and the SEN Backbone
- Continue to inform legislators on the role of the SEN in Michigan, its value to schools and municipalities and the financial requirements for its ongoing operation
- Complete connection of all ISDs to the SEN in September of 2017
TRIG Activity: Targeted Site Transformation

TRIG Project Managers for the Activity: Anthony Buza

Consortium Leader: GMEC
Fiscal Agent: Genesee ISD
**Targeted Site Transformation**

**Advisory Committee Members:**
- Becki Dupuis, Bentley Community Schools
- Bob Larson, Brandon School District
- Andy Phillips, Brandon School District

- Ming Mays, Manton
- Meredith Nickerson, Dexter
- Andrew Steinman, Kent ISD
- Steve Schmunk, Marquette Alger RESA
- Cheryl-Marie Manson, Allegan Public Schools
- Jeremie Coplin, Kalamazoo RESA

**Focus:**
The goal of the TRIG Targeted Site Transformation (TST) activity is to help transform schools into 1-to-1 learning environments where best practices of 21st century instruction and learning can occur.

**Deliverables/Accomplishments (at each TST site):**
- Network/wireless upgrade completed
- Classroom technology upgrade completed
- Mobile devices purchased and deployed
- Staff data collection using Panorama Education completed Fall 2015 and Spring 2016
  - Data used to guide professional development
  - On-site PD facilitated based on staff/teacher needs
  - Off-site PD (miGoogle, MACUL, etc.) attended by TST teachers
- Student data collection using Panorama Education completed late Fall 2015
- Shared best practices curated and shared between TST sites (and other 1:1 environments)

**TST Sites:**
- Fowlerville Junior High (Fowlerville Community Schools)
- Star Elementary (Hastings Area School System)
- Superior Hills (Marquette Area Public Schools)
- Shelby High School (Shelby Public Schools)

June 2016
Next Steps for 2016-17:

• Continue to work with 2015-16 sites to collect data, best practices and provide professional development

• Implement network/wireless, classroom and mobile devices for 2016-17 TST Sites: Kuehn-Haven Middle School (Montrose Community Schools), Lakeview Elementary School (Negaunee Public Schools), Perry Middle School (Perry Public Schools)

• 1:1 (Mobile Device) Directory - work collaboratively with MDE, TRIG, etc. to organize a directory of mobile device adoption by school districts. The primary goal of this directory is to provide schools that are adopting mobile devices an opportunity to identify regional and/or local support

• 1:1 Best Practices - work collaboratively with WSTT, TST and other 1:1 schools to develop a best practices guide to help key considerations before adoption, during adoption and ongoing support

• 1:1 PD (EduPaths) - Using the model that EduPaths has built, TST can help identify and build resources for staff and admin as part of a 1:1 adoption

Cost Savings:

• $419,985 provided to districts to offset completion of ROI Study information
• ROI Study estimates up to $56M in annual savings when the data hubs are fully able to streamline all data connections and have maximal impact on data quality processes. Realistically, this is still 1-3 years from occurring to a significant degree.
Data Integration Activity

Next Steps for 4.0:

• Move towards 100% adoption
• Continued efforts to integrate top systems in all categories
• Pilot state reporting from data hubs
• Expand use of data hubs for MDE initiatives
• Expand SSO usage to other apps and including more local logins
• Establish secure funding for the future and ongoing governance
• Continue cultivating partnerships
• Continue promoting the Ed-Fi solution

Focus: To develop, issue and administer statewide bids for personal learning devices and desktop computers in order to support on-line testing and the "Any Time, Any Place" initiative. The goal is to aggregate demand statewide for these devices in order to drive down the purchase price for these products.

Deliverables/Accomplishments:
- Completed the Spring 2015 bid cycle including purchase window from 4/15/2015 – 9/30/2015, calculation of incentives, evaluation and final data
- Completed the following steps for the Spring 2016 Bid Cycle:
  - Determined how incentives would be allocated
  - Determined bid specifications
  - Ran forecast window to determine statewide demand
  - Issued Invitation to Bid
  - Evaluated bid responses
  - Awarded contracts to selected vendors

Data Services Collaborative Next Steps:

• Continue monitoring and evaluating the successful completion of remaining grants by June 30, 2017 with on site visits and presentations.

• Continue to market the deliverables when opportunities present themselves. Example: MSBO, MACUL, etc.

• Grant evaluator & KRESA will continue providing quarterly reports to TRIG Auditors, MDE, and KRESA.

• Upcoming grant related activities detailed below:

**Science Assessment:**
- August 2016 writing days with future statewide implementation dates.

**Green Pupil Accounting:**
- Sharing the Green Audit setup with other districts in the State of Michigan.
- Scheduling a MPAAA session at the MPAAA Conference
- Create a review process of the Green Audit that allows auditors and districts to continue using this setup as the Pupil Accounting Auditing changes.

**MiCase:**
During July 2016 7 more schools/districts will be added, and in August up to 7 more districts will implement the MI Suite software

**Technology Collaborative:**
Future bids will be developed based upon feedback from multiple stakeholder groups such as MSBO, Curriculum staff, etc.

**Edify:**
Teacher gamification and Teacher PD are the two project items that have been delayed (August 2016 completion) due to server issues at Edify
Edify is waiting for the 4th MI Open Book to be uploaded and accessible. Edify will continue incorporating the Open Book as it becomes available and has been vetted.
